MEMORANDUM OF CONFERENCE OR CONVERSATION

DATE 7/13/89	TIME 4:30 PM	<input checked="" type="checkbox"/> TELEPHONE <input type="checkbox"/> PERSONAL
ORIGINATING PARTY C. R. Richmond		OTHER PARTIES Paul Grimes, DOE Hqs Procurement

SUBJECT:
INDALO Funding.

DISCUSSION:

Called Grimes re INDALO funding problem. He says the money was sent 5 April, 1989 to Embassy in Madrid, earmarked for this purpose. They got Iranzo's letter after he received A0009, but in actuality, Iranzo did not even need to sign the paper??? Paul was going to immediately start a tracer on the money. Paul will be transferring (I believe on Monday) to the DP program. This may be a blessing for us. He can be reached at boss's phone number, 896-4727.

Mike Hethman FTS 896-8248 will replace him in procurement. Paul said he wrote a memo to ESH several months before the INDALO funding was stopped reminding them that something had to be done. He got no response. He will stay in touch until this problem is resolved.

I don't understand why someone did not try to find out why the money never got to Spain wfen ORO and headquarters knew the \$'s were transmitted in April. I guess no one specifically asked them to do the obvious. Live and learn.
