President
Radiological Assessment Corporation
417 Till Road
Neeses, South Carolina 29107

Dear Dr. Till:

On behalf of the Office of Health Studies, I would like to express our gratitude for your invaluable contributions as a member of the Scientific Review Group (SRG) to the Department of Energy (DOE)-sponsored Joint Coordinating Committee for Radiation Effects Research. Your expertise in evaluating the progress of the initial phase of the research and subsequent proposals for continuation of the studies, and your many thoughtful suggestions for improvements were a valuable asset to the SRG. Also, your outstanding leadership in the conduct of the joint U.S./Russian workshop on dose reconstruction has greatly strengthened the scientific promise of this research.

I am glad that you share our enthusiasm about the work conducted at Mayak, and I greatly value your offer to be of assistance to us in the future. I wish you the best of luck and look forward to working together with you again.

Sincerely,

Paul J. Seligman, M.D., M.P.H.
Deputy Assistant Secretary
for Health Studies
